

Executive Summary School Accountability Report Card, 2009–10

For KIPP Los Angeles College Preparatory School

Address: 2810 Whittier Boulevard, Los Angeles, CA 90023
Principal: Angella Martinez

Phone: 323-264-7737
Grade Span: 5-8

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. The data presented in this report are reported for the 2009–10 school year, except the School Finances and School Completion data that are reported for the 2008–09 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

KIPP Los Angeles College Preparatory School (KIPP LA Prep) is a high-performing public charter middle school located in Boyle Heights. KIPP LA Prep opened in summer 2003 in Lincoln Heights and moved to Boyle Heights in early 2009. The school initially opened its doors to 90 fifth graders and subsequently expanded annually until reaching capacity in 2006. Today, the school serves students in grades five to eight. KIPP LA Prep is operated by KIPP LA Schools, a non-profit charter school management organization. KIPP LA operates four additional KIPP schools in Los Angeles.

While KIPP LA Prep's students typically enroll performing two to three years below grade level, our students make dramatic gains across all subjects, meeting our high expectations and proving what is possible for all students, regardless of their demographic backgrounds. In 2009-10 KIPP LA Prep's eighth graders vastly outperformed their peers across LAUSD and the state in all subjects, as measured by the California Standards Tests (CST).

In a measure of overall excellence, KIPP LA Prep was ranked the second best middle school in LA Unified School District, as measured by the 2009 California Academic Performance Index.

Summary of Most Recent Site Inspection

The California Charter Schools Association Joint Powers Authority (CCSA JPA) conducts an annual site visit at KIPP Los Angeles College Preparatory School. During a site visit, student, parent, and employee safety are discussed as top priorities. The Risk Assessment process is intended to identify hazards that could result in an injury to any of those groups, or could otherwise negatively impact the financial well-being of KIPP LA Schools. The most recent site visit did not identify any recommendations or necessary corrective action.

Repairs Needed

N/A

Corrective Actions Taken or Planned

LA Prep will explore the possibility of screening its HVAC units and replacing the grass with synthetic turf.

¹ Standardized Testing and Reporting Program assessments include the California Standards Tests, the California Modified Assessment, and the California Alternate Performance Assessment.

² The Academic Performance Index is required under state law. Adequate Yearly Progress is required by federal law.

School Accountability Report Card

Reported Using Data from 2009–10 School Year

Published During 2010–11

The School Accountability Report Card (SARC), which is required by law to be published by February 1 of each year, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2009–10)

This section provides information about the school, its programs, and its goals.

KIPP LA Prep’s mission is to prepare students with the academic skills, intellectual habits, and character traits that are necessary for success in high school, college, and the competitive world beyond. In pursuing this mission, we aim to serve our community as a whole by educating students who will make a difference in our community and the world. KIPP LA Prep’s five core values are honesty, respect, leadership, striving for excellence, and commitment to community.

KIPP LA Prep features a “no shortcuts, no excuses” philosophy and a strong culture of achievement. The curriculum is designed to provide students a well-rounded education, with sufficient time dedicated to academics, the arts, enrichment, and physical education. In addition to providing a rigorous, college-preparatory curriculum in math, science, English language arts, and history, KIPP LA Prep offers all students courses in art and music.

Students also participate in regular enrichment programming that includes a wide variety of courses, including cooking, journalism, poetry, engineering, and Latin culture. The school seeks to develop in students a strong social conscience, introducing them to social problems in their community and around the world.

Opportunities for Parental Involvement (School Year 2009–10)

This section provides information about opportunities for parents to become involved with school activities, including contact information pertaining to organized opportunities for parental involvement.

At KIPP LA Prep, parents commit to twenty hours of service per school year. Many parents help with daily activities, including helping guide traffic during arrival and dismissal, serving breakfast and lunch, and packing snacks. Another popular form of volunteerism is to donate time and items for special events, like the Fall Festival or upper school dances. Parents who are handy often donate their time to building maintenance and repairs, and bilingual parents assist the school by translating school newsletters and other documents. Parents also participate in monthly Parent Action Committee.

Student Enrollment by Grade Level (School Year 2009–10)

III. School Climate

School Safety Plan (School Year 2009-10)

This section provides information about the school's comprehensive safety plan.

Each school has joined a federally funded consortium of other Los Angeles area charter schools in order to develop a comprehensive safety plan. Next year (2011-2012) both new schools (KEA and KCCP) will spend a year in the planning process that involves attending informational meetings, collaborative planning sessions, conducting supervised practice, getting feedback from external observers, and establishing the Incident Command structure. In years following, monthly safety drills are held to ensure that all students and staff are prepared in the event of an emergency or natural disaster. The school site operations team also goes through a regional focusing session at the beginning of each year to make sure that the safety plan is ready to be executed throughout the school year.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2007-08	2008-09	2009-10	2007-08	2008-09	2009-10

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2010-11)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The school is generally in excellent condition. No repairs are needed, but some improvements may be made, such as screening the HVAC units and replacing the grass on the school grounds with synthetic turf.

School Facility Good Repair Status (School Year 2010-11)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

System Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	x				Potentially screen HVAC units

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2009–10)

This table displays the percent of classes in core academic subjects taught by Highly Qualified Teachers as defined in the Elementary and Secondary Education Act (ESEA), in a school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under the ESEA can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2009–10)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
-------	----------------------------------	---

Academic Counselor	0	
Counselor (Social/Behavioral or Career Development)	0	n/a
Library Media Teacher (librarian)	0	n/a

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2008–09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

State	n/a	n/a	\$5,681	\$68,179
Percent Difference – School Site and State	n/a	n/a	25.3%	2.6%

Types of Services Funded (Fiscal Year 2009–10)

This section provides information about the programs and supplemental services (e.g., information about supplemental educational services related to the school's federal Program Improvement status) that are provided at the school through either categorical funds or other sources.

Other sources fund end-of-the-year field lessons across all grade levels and an after-school program. Additional funding also provides for the extended day model.

Teacher and Administrative Salaries (Fiscal Year 2008–09)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$39,788	\$42,377
Mid-Range Teacher Salary	\$63,553	\$67,667
Highest Teacher Salary	\$78,906	\$87,102
Average Principal Salary (Elementary)	\$108,013	\$108,894
Average Principal Salary (Middle)	\$118,046	\$113,713
Average Principal Salary (High)	\$117,816	\$124,531
Superintendent Salary	\$250,000	\$223,323
Percent of Budget for Teacher Salaries	38.1%	40.2%
Percent of Budget for Administrative Salaries	5.5%	5.5%

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including

the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute AYP designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found on the CDE California High School Exit Examination (CAHSEE) Web site at <http://cahsee.cde.ca.gov/>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

California Physical Fitness Test Results (School Year 2009–10)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at

<http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2009–10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the six AYP criteria described above.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program (School Year 2010–11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
-----------	--------	----------

Program Improvement Status	Not in PI	In PI
First Year of Program Improvement	N/A	2004-2005
Year in Program Improvement	N/A	Year 4
Number of Schools Currently in Program Improvement	N/A	390
Percent of Schools Currently in Program Improvement	N/A	45.5

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the General Admissions Information Web page at <http://www.universityofcalifornia.edu/admissions/general.html>. (Outside Source)

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <http://www.calstate.edu/SAS/admreq.shtml>. (Outside Source)

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

KIPP LA Prep’s staff holds professional development-focused meetings every week, resulting in approximately thirty days dedicated to staff development annually. During these meetings, several topics are discussed, including: student academic performance on Skills Assessments, analysis of school culture for each grade level and content area, data analysis, best practices, school culture and vision analysis, and instructional practices that support English language learners. All departments attend one conference of their choice pertaining to their content area per year. Teachers and staff also visit schools that exemplify excellence, and participate in team-building professional development opportunities continuously throughout the year.
