2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

KIPP Promesa Prep is a free public charter elementary school in Boyle Heights in Los Angeles, CA that opened in the summer of 2015. KIPP Promesa Prep currently serves 111 TK and kindergarten students, 107 first grade students, 119 second grade students, 113 third graders and 110 fourth graders. At KIPP Promesa Prep, we believe that when schools provide an excellent education, they provide the path for students and families to transform communities. At KIPP Promesa Prep every student thrives in a rigorous academic program focused on literacy, nurtures a strong sense of self through character development, and celebrates the enduring legacy of our community. Students will leave KIPP Promesa as proud and driven leaders that take risks, persevere, and positively impact their community and society through their thoughts and actions. At KIPP Promesa Prep, we focus on the values of Love, Grit, Integrity and Reflection. We believe these values will guide our students in becoming empathetic, loving, strong, and determined leaders of our community.

Promesa means promise in Spanish and as a school, KIPP Promesa Prep is promising students, families, and the community that a quality education from elementary on will provide a better future. We are making the promise of nurturing students academically, socially, and behaviorally so that they become the leaders of tomorrow. We are promising to send our students to and through college, and to be an enduring part of their lives.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

At KIPP Promesa Prep the campus is inspected monthly for safety and cleanliness. We have a day porter who ensures the campus remains clean throughout the day and have a night porter who ensures every classroom is clean every night. For the 2021-2022 school year we continue to have a second school site to accommodate our growing student population but with plans to move into a single site in the near future. Our future permanent site is located on Soto St. and 8th St in Boyle Heights. It is a two story building with over 25 classrooms to house all of our lead classrooms, enrichment classrooms, RSP, and counseling. We are very excited to move all of our KIPPsters to our permanent site in the near future.

Our facilities have undergone improvements that focus on the health and safety of students and staff. These improvements were a result of COVID-19 and will ensure everyone is healthy and safe during the pandemic. Improvements include-

- * Upgrade to MERV13 air filters
- * Plexiglass installation in the office, restrooms and classrooms
- * Installation of touchless water bottle fillers
- * Installation of touchless hand sanitizer dispensers

During our quarterly health and safety snapshot KIPP Promesa Prep scored a 4 out of 4 demonstrating that our facility meets all health and safety indicators.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

KIPP Promesa Prep thrives and welcomes parent involvement in school events. Involvement can range from office assistance, teacher assistance, and participation in big school events such as our October Extravaganza, Winter Concert, Festival de Verano, Viva, fundraisers and many more! Each classroom at KIPP Promesa has two room parents who take the lead in events and really facilitate parent involvement in each classroom. Our room parents are extremely involved and attend meetings once a month. We also have school wide PAC meetings all our parents can attend every month where we discuss upcoming events and how they can help. At these meetings parents are able to sign-up to volunteer. Once a quarter we also have "Coffee with Admin" where parents are able to meet with admin and give us feedback about things that are going well and areas of growth for the school. If parents are unable to attend a meeting our weekly family bulletin is a great way to also know about volunteer opportunities and how they can support. Our families are our greatest asset and we welcome their involvement.

During the Covid-19 pandemic parent involvement continues to be a priority. Parents are able to meet virtually for PAC, "Coffee with Admin", ELPAC, and for events. This year our Viva and Gratitude celebrations were virtual and parents supported by sending cooking videos and videos of what they were thankful for. We also continue to use Parent Square as our communication platform to ensure parents remain informed and involved of what is happening at KPP. There they can see the school calendar, upcoming events, days off, and can even communicate with teachers and administration. We want to ensure our families remain informed as well as engaged.

For more information related to these and other parental involvement opportunities, please contact our Family Engagement Lead, Mrs. Alarid, at lalarid@kippsocal.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

KIPP Promesa Prep reviews and updates its safety plan every year. This year's plan was reviewed and updated in August 2021. The safety plan outlines what we do for every emergency situation and details the roles of each staff member. Some things included in the plan are - what to do during an emergency (which includes earthquake, fire, lockdown, or shelter in place), emergency numbers to call if needed, and staff directory. The plan will be reviewed and shared with staff prior to us returning to school during a professional development session. Some things we will ensure are done include- monthly reminders of what to do in emergency situations and opportunities to practice what to do during our monthly emergency drills. When students are on site drills happen every month at KIPP Promesa Prep and staff members practice evacuating and taking attendance of their class. This is also a way for students to practice what to do during an emergency. KIPP Promesa also takes part in the CA Great Shake drill where we initiate our incident command center. During this drill we complete search and rescue, have a first aid station, and practice reunification by allowing parents to "pick up their kids" during an emergency. This always serves as a great way for staff members to fully know their roles and ask questions if needed. Overall our goal is for staff at KIPP Promesa Prep to understand our safety plan and know what to do during emergency situations to ensure student safety is always a priority.

2020-21 Types of Services Funded

KIPP Promesa Prep school offers ASES funded After school Program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Our program provides literacy and enrichment activities for 100 students, grades 1st-4th. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least 1 hour daily in a literary element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, performing arts, music, dance and STEM. Other enrichment activities are implemented based on the students' needs and interests. Opportunities for youth voice and leadership are implemented through survey feedback, and choice for enrichment activities. KIPP Promesa Prep After school Program is an extension of the regular school day and is collaboration of the overall school vision to create leaders that will give back and thrive in their communities. KIPP Promesa Prep also offers enrichment classes to all our students to ensure they are exposed to vast subjects. All our students have dance, art, and Spanish class twice a week for a total of two hours. These classes enhance student learning and add a distinctive aspect to the curriculum they currently have. In dance our students learn basic dance techniques and even get exposed to ballet. In art class our students are able to paint, draw, color and use their creativity to create works of art. In Spanish class our Kinder and first grade students focus on letter recognition and letter sounds, and their application into creating words. Colors, nouns and verbs are integrated into the lessons. Our second through fourth grade students focus on reading fluency and comprehension, in addition to this our Spanish teacher integrates grammar and writing skills to be able to communicate in both oral and writing in the Spanish Language. Spanish class is taught solely in Spanish and a lot of students finish the year making great progress towards the Spanish language.

Professional Development

At KIPP Promesa Prep our staff receive at least 2 hours of professional development each week. Most of the professional development trainings are delivered during after school workshops but they also include attending out of state conferences, all day conferences, webinars, peer observations and shadowing teachers in other schools. The professional development schedule is set over the summer for the first half of the school year and a tentative schedule is set for the second half of the year. The areas of focus are determined based on a combination of logistical/administrative concerns, curricular needs, The New Teacher Project (TNTP) data and teacher reflections from the previous school year. We believe professional development should be a team effort and our main goal is ensuring our teachers are receiving adequate and relevant development that will help them excel in the classroom. Professional development focuses are spread out throughout the year. Some of our professional developments include teachers attending weeklong summer workshops to gain more experience in readers and writers workshop and then returning to teach fellow teachers. Other professional development includes emergency preparedness and other academic and operations related subjects. In addition to weekly trainings teachers are also supported through in-class observations, teacher-administrator meetings, and student performance data reporting.
