2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

KIPP Corazón Academy is dedicated to fully preparing our students with the knowledge and skills necessary to complete their kindergarten through eighth-grade education and achieve success in high school, college, and career. Creating long-term academic achievement takes place through a school-wide, data-driven model of high expectations for every student. KIPP Corazón Academy served transitional kindergarten through 8th grade. The goal is to have a balanced character and academic experience to ensure our students are successful today and in high school, college, and life. The KIPP SoCal mission statement is our collective why.

At KIPP Corazón Academy, we are a community built on revolutionary love. We impact our community by driving excellence and demanding equity so future generations will thrive. We enhance our unique heritage and stand on the shoulders of our ancestors to lead with pride and purpose. We are a restorative community built by students, teachers, and family members, whose individual voices are powerful and even greater collectively. We create solutions to fight for a just local and global community. Through rigorous academic instruction, balanced character education, strong relationships, and rich learning experiences, our students will be successful today and in high school, college, and life. We are 21st century leaders who act with a critical consciousness to build a better tomorrow for ourselves, our communities, and our world.

The school vision for KIPP Corazón Academy is created through our collaborative partnership. The vision aligns with the values of KIPP SoCal to ensure that our KIPPsters have choice-filled lives and opportunities in their future. Our vision, our “why,” is purposeful, and it is the heartbeat that unifies our community. Every decision and reflection moving forward will always come back to who we are.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

We are excited to provide a new, safe space for our KIPPsters to learn & grow. Consistent and joyful building aesthetics promote teaching, learning, and student engagement. We absorb natural daylight in our buildings and continue to install energy-saving devices throughout the facility.

- All areas of exterior grounds are clean and organized, inspiring staff and students to take pride in campus grounds. All areas of exterior landscaping are well-maintained and appear healthy.
- The main office creates a warm and welcoming environment for staff, students & families. Entering the building presents a beautiful, inviting appearance that draws one in and makes you feel that you are in an exceptional facility.
- The building interior is well-maintained and appears healthy in a way that complements the appearance of the campus and inspires a culture where staff and students take care of campus grounds.
- Common areas are clean and organized. Air quality is odor-free.
- Restrooms are being deep-cleaned. Air quality is odor-free.
- Classrooms are clean and organized, inspiring staff and students to take pride in campus grounds.
- MERV13 HVAC filters are replaced each quarter
- Touchless Water Bottle Fountains
- Touchless Hand Washing Dispensers and Faucets
- EV Charging Stations (Upper School)

Planned Improvements:

- Installation of more EV charging stations and Solar Power Units

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

We value and prioritize family engagement. We believe that our school and our families have a shared responsibility for the academic achievement of our students. Families are a source of strength for our schools and communities.

Family Leadership Council (Lower School)

KIPP Corazón Lower School will form a Family Leadership Council (FLC) to involve parents in supporting school operations and realizing our school vision. The FLC exists to first and foremost support the instructional program and school values of the KIPP Corazón. The FLC will meet monthly during the school year. All members of our school community may attend, and voting rights are determined by a person's role in our school community. The FLC bylaws will govern the body. The FLC will post agendas for meetings at least 48 hours in advance as well as publicize meeting times and objectives to the entire school community. The FLC President will design FLC agenda. If an FLC meeting is canceled, it is likely due to agendas not being submitted on time. The Family Leadership Council school staff representative/designee will support the FLC by including information about meetings or the next steps in the weekly Family Newsletter. Additionally, the FLC will supply the school with meeting minutes to be filed in the FLC binder. The FLC binder will be available in the school office for the school community to access.

Parent Advisory Committee. (Upper School)

KIPP Corazón Upper School will form a Parent Advisory Council (PAC) to involve parents in supporting school operations and realizing our school vision. The PAC exists to first and foremost support the instructional program and school values of the KIPP Corazón. The PAC will meet monthly during the school year. All members of our school community may attend. The PAC will post agendas for meetings at least 48 hours in advance as well as publicize meeting times and objectives to the entire school community. The Parent Advisory Council school staff representative/designee will support the PAC by including information about meetings or next steps in the weekly Family Newsletter. Additionally, the PAC will supply the school with meeting minutes to be filed in the PAC binder.

Family Newsletter.

2022-23 Opportunities for Parental Involvement

KIPP Corazón will send home a weekly family newsletter highlighting important information and dates each Monday. Please make sure to read the family newsletter weekly and return any necessary paperwork on Tuesday morning with your child. Families will be held accountable for all information shared in the Family Newsletter. When calling the front office for information included in the family newsletter, families will be directed back to the family newsletter. There will always be extra weekly family newsletters in the main office for families. The newsletter will also be available on the school's website each week.

Family Nights.

KIPP Corazón will host quarterly academic family nights. It is our expectation that families try their best to attend 100% of family nights as outlined in the Commitment to Excellence. We will track your attendance at family nights. If an emergency occurs in which you are unable to attend a family night, please notify your child's teacher and communicate with them so you may get the information to ensure you're able to support your student.

Virtual Home Visits.

Virtual home visits are meant to establish a strong connection between home and school and begin building a family partnership. Leaders and teachers may conduct home visits at the beginning and throughout the school year.

Parent/Guardian Conferences.

Parent/Guardian conferences will take place two times per year and serve as a time to formally share student progress toward goals with families. We encourage you to seek information about your child's academic progress throughout the school year. Please be advised that our school-wide goals are to have 100% parent and/or guardian participation during parent conferences. If you have scheduling conflicts with the times provided by your child/ren's teacher, please notify the teacher/s and we will work to accommodate your preference.

Teacher Cell Phone Hours

Each teacher is available by cell phone and through messaging. Teachers are teaching throughout the day and may be unable to return calls during the school day. Please be sure to limit calls to between 8:00am and 7:00pm. Teachers are expected to respond to all communication within 24 hours, not including weekends.

Family Ambassadors

Family Ambassadors are parent leaders representing each of KIPP SoCal Public Schools's schools. Ambassadors participate in monthly leadership trainings over the course of an academic year, focused on civic engagement and community organizing. Some of their work includes registering families to vote, advocating for education legislation in Sacramento and Washington DC and hosting the annual KIPP SoCal Public Schools Parent Summit every spring. Please see your School Leader to learn the Ambassadors representing your school.

School Site Council (SSC) and English Language Advisory Council (ELAC)

Annually, parents have an opportunity to join the school's School Site Council or English Language Advisory Council via election by their peers. Both councils make recommendations to school leadership on programs and services for all students, including English Learner (EL) students.

For more information related to these and other parental involvement opportunities, please contact our Family Engagement Leads:

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	0.44	2.45
Expulsions	0.00	0.02	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

KIPP Corazón Academy reviews and updates its safety plan every year. This year's plan was reviewed and updated in October 2022. The safety plan outlines what we do for every emergency and details the roles of each staff member. Some things included in the plan are - what to do during an emergency which includes earthquake, fire, lockdown, or shelter in place, emergency numbers to call if needed, and a staff directory. Staff members also get monthly reminders of what to do in emergencies and can practice what to do during our monthly emergency drills. Drills happen every month at KIPP Corazón, and staff members practice evacuating and taking attendance of their classes. This is also a way for students to practice what to do during an emergency. KIPP Corazón Academy also participates in the CA Great Shake drill where we initiate our incident command center. During this drill, we complete search and rescue, have a first aid station, and practice reunification by allowing parents to "pick up their kids" during an emergency. This is a great way for staff members to know their roles and ask questions if needed. Overall, staff at Corazón understand our safety plan and know what to do during emergencies to ensure student safety is always a priority.

Visitor Policy

KIPP Corazón Academy is a closed campus. Staff members are assigned to the only entrance used during the school day. All visitors must register with the office and are assigned a pass that permits them to visit only specific offices or classrooms.

Emergency Supplies:

All classrooms at KIPP Corazón Academy are equipped with Classroom Lockdown Kits, Emergency Go-Bags, and First Aid Kits. Our campus is also equipped with a full modular set of Emergency Supplies designed to provide all students and/or faculty members with essential emergency supplies to last for 3 days. They are stored and protected in highly visible crush-resistant wheeled containers. When a disaster or emergency occurs, transporting emergency supplies to a distribution location is made easy and part of our safety plan.

Emergency Drills:

Business Operations Managers meet monthly and conduct both announced and unannounced safety drills during the school day. Staff members attend professional development training to ensure they are prepared for emergencies. Egress Drills for fire, earthquake evacuation, lockdowns, and shelter-in-place are practiced monthly.

2021-22 Types of Services Funded

KIPP Corazon Academy offers an Extended Learning Opportunities Program (ELOP) to assist and support our students with beyond-the-bell services. The goal of our program is to continue the support students receive during the regular school day in a safe, constructive environment during after-school hours. Our program provides literacy and enrichment activities for up to 160 students, Kinder through 8th. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their levels. Students participate in at least 1 hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, recreation and prevention activities such as football and cheerleading, youth development strategies like performing arts, music, and dance. Other enrichment activities are implemented based on the student's needs and interests.

Professional Development

Any time there are interactions with colleagues, managers, and regional team members, it is professional development. Professional development cannot be limited to a whole-group instructional definition. It needs to have a definition that makes every interaction a place and time to learn and grow. It needs to have a definition that as educators, learning comes first in order to do the best job possible for the students and the community. This is why major components are focused for adults to ensure learning is being transferred in every capacity:

Monday Professional Development Days - KIPP Corazón Academy's professional development days are held on Monday afternoons from 1:00pm to 4:00pm and there are different components that can occur during this time. Some of these include, but not limited to: Instructional Practices, Cultural Practices, Content Teams, Grade Level Meetings, Operations, and Outside Organizations.

Regional Professional Development Days - Regional professional development days are established throughout the school year to come together as region to collaborate on current instructional and cultural practices in all KIPP SoCal Public schools. This is a time to build relationships with other KIPP SoCal team members as well as reflect on current individual school site progress on initiatives.

KIPP Corazón Academy Coaching Cycle - Every school year team members at KIPP Corazón Academy set goals for their instructional and cultural development. In order to coach around these goals, leadership team members who manage instructional and non-instructional staff monitor progress through regular observation, feedback, progress monitoring on goals, and accountability on implementation of feedback. Coaching meetings are set for the calendar school year and are prioritized to support the growth of all team members. If for any reason, there is a cancellation, a new meeting is set-up and prioritized within 24 hours.

KIPP Corazón Academy Content Teams - Content team time is dedicated for content teachers from across grade levels to meet and go over department visions and progress monitoring initiatives that are set by the department lead. The goal is for content teams to meet at least once a week.

KIPP Corazón Academy Grade Level Teams - Grade level team time is dedicated in being a collaborative group effort in regards to the creation of grade level culture with alignment to school wide culture vision, values, and goals. Grade level teams will meet once a week to continue collaborating on specific grade level initiatives as well as analyzing how the grade level culture is going in order to problem solve as a team to create a safe learning environment for all stakeholders.

Outside Professional Development Opportunities - Outside organizations are contacted to provide professional development sessions around instructional and cultural initiatives for the school and KIPP SoCal region. The school leader gathers feedback from the staff to determine effectiveness of the trainings to continue partnership or seek new avenues. The school leader gains insight from coaching sessions, walkthrough trends, and innovative practices in making decisions in scheduling professional development for the team.
