California Department of Education School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the <u>CDE DataQuest Web page</u> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Mara Bond, Founding School Leader

Principal, KIPP Iluminar Academy

About Our School

I am delighted to share our School Accountability Report Card with you.

At KIPP Iluminar we truly believe that it is our job to create classrooms that inspire innovation in our students, not only to prepare our students for college, but also to inspire them to make our world a better place. At the heart of the academic program you will find a belief that learning should be experiential, student-centered, and creative. With this in mind teachers encourage student initiative and ownership, foster dialogue, promote inquiry, and strengthen the critical thinking skills in all students. This will foster innovation, and in turn, students will matriculate from KIPP Iluminar Academy as innovative individuals who will go on to take risks for the good of our collective community.

KIPP Iluminar Academy students will exit the school after fourth grade prepared and inspired to pursue their passion.

School Description and Mission Statement - Most Recent Year

At KIPP Iluminar Academy we believe that the complexities of our world will require our children to brighten our future with critical thought and imagination. Through rigorous teaching and learning, collaborative character development, and arts-based learning experiences, our children will become innovative individuals that take risks for the good of our collective community and persevere as they seek knowledge through college and beyond.

Cesar Chavez, a hero within our very own community, once said, "Students must have initiative; they should not be mere imitators. They must learn to think and act for themselves—and be free." At the heart of our academic program is the understanding that students are not empty vessels waiting to be filled, or children that need to be taught to imitate, but that they come with rich experiences and beliefs about this world. We believe that the student and the teacher are partners and that both are participating in the work of discovery and learning.

At KIPP Iluminar Academy we have three core components:

1. Learning

At KIPP Iluminar Academy our goal is to provide a strong college preparatory program from which each student will develop a love of learning, an ability to think critically, and an expanding curiosity about the world and its people. We consider certain skills to be essential for all students: read avidly, write clearly and coherently, make connections across content areas, and question thoughtfully.

2. Character

At KIPP Iluminar Academy we believe that school is a place where students will grow academically while also growing their character. We use the following character strengths to guide our character education: zest, grit, self-control, curiosity, love, social intelligence, hope, and gratitude (the images are at the bottom of each page). By valuing character education our students leave KIPP Iluminar Academy with confidence, self-awareness, and a respect for others.

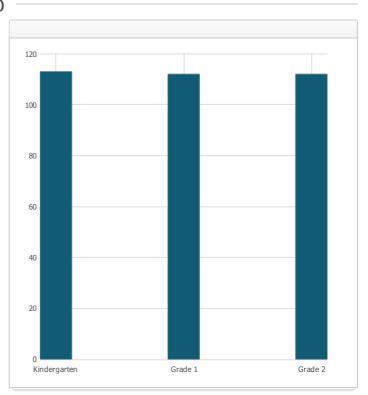

3. Arts

At KIPP Iluminar Academy we believe the arts play an integral role in developing the creative, imaginative, and expressive abilities of all children. For that reason we believe that the arts are an essential component of a well-rounded education. While at our school, our students will explore the visual arts, music, dance, and theater. By ensuring that the arts are a core part of our curriculum, our children matriculate with an ignited imagination.

A. Conditions of Learning

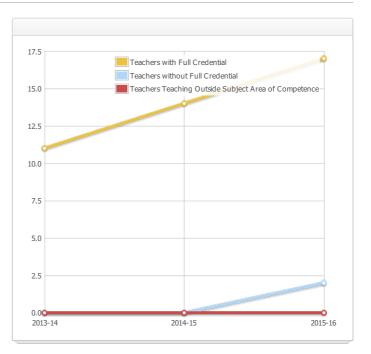

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

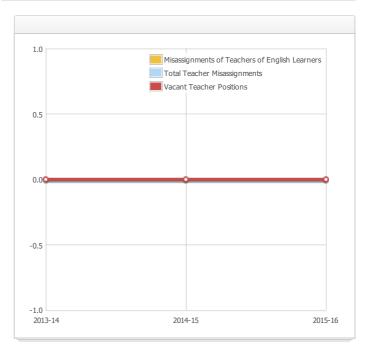

Teachers	Teachers School			District	
	2013- 14	2014- 15	2015- 16	2015- 16	
With Full Credential	11	14	17		
Without Full Credential	0	0	2		
Teachers Teaching Outside Subject Area of Competence (with full credential)	0	0	0		

Last updated: 2/1/2016

Teacher Misassignments and Vacant Teacher Positions

Indicator	2013- 14	2014- 15	2015- 16
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2014-15)

Location of Classes	Percent of Classes In Core Academic Subjects Taught by Highly Qualified Teachers	Percent of Classes In Core Academic Subjects Not Taught by Highly Qualified Teachers
This School	100.0%	0.0%
All Schools in District	88.0%	12.0%
High-Poverty Schools in District	93.0%	7.0%
Low-Poverty Schools in District	45.0%	55.0%

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, Availability of Textbooks and Instructional Materials - Most Recent Year

Year and month in which data were collected: January 2016

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

California Assessment of Student Performance and Progress Results for All Students (School Year 2014-15)

	Percent of Stude	Percent of Students Meeting or Exceeding the State Standards			
Subject	School	District	State		
English Language Arts / Literacy (grades 3-8 and 11)		33.0%	44.0%		
Mathematics (grades 3-8 and 11)		25.0%	33.0%		

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes (--) appear in the table when the number of students tested is ten or less.

California Physical Fitness Test Results (School Year 2014-15)

	Percent of Students Meeting Fitness Standards						
Grade Level	Four of Six Standards	Five of Six Standards	Six of Six Standards				

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement - Most Recent Year

At KIA we see our families as valuable partners. We believe that in order to meet our ambitious goals, we need to cultivate our family relationships. We also know that involving parents and families in their student's education will further empower their children climb the mountain to and through college.

Parents and families can volunteer at the school or at home. At school, opportunities are available for help with special events such as our Innovation Day, Feasts of Gratitude, Winter Concert, Spring Concert, Imagination Celebration, and various fundraisers throughout the year. We also have daily volunteer activities such as helping with arrival and dismissal, working with students in the classroom, helping students one-on-one with sight words, helping teacher with classroom projects, leveling books, and assisting in the office. Parent volunteer opportunities are discussed at the Achievement Afternoon at the beginning of the year, during Parent Teacher conferences, and announced through our weekly family newsletter. Annually we engage our parents in the review and development of our schools' LCAP.

Families looking to get involved can contact their student's teacher directly or our office at 323-800-5218.

State Priority: Pupil Engagement

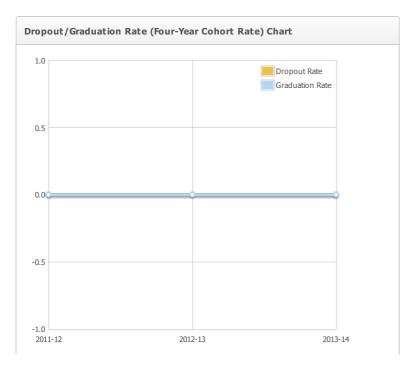

Last updated: 2/1/2016

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

	School				District		State		
Indicator	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14

School Safety Plan - Most Recent Year

The school safety and emergency preparedness plan is fully reviewed annually and updated throughout the year if there are staff or facility changes. Teachers and staff are provided with a Safety Training once at the beginning of the year, once before the Great Shake drill, and again for the Spring Safety refresher. Students practice monthly during emergency drills. Regular fire, lockdown, and earthquake drills are scheduled so that all students and staff are familiar with the School Emergency Plans. All KIPP Iluminar classrooms are equipped with emergency materials in the event of a fire, lockdown, or earthquake.

In the event of an emergency, families will be notified as soon as possible utilizing the automatic School Messenger system. In this event, please make sure to listen to the entire message carefully. It is important for all families to keep their number up to date with the school office so emergency phone calls are received. The student Emergency Card will be used to release students in case of an emergency.

State	N/A	N/A	\$5348.0	\$72971.0
Percent Difference – School Site and State	N/A	N/A	0.0%	-0.3%

Note: Cells with N/A values do not require data.

Types of Services Funded (Fiscal Year 2014-15)

KIPP Iluminar Academy offers several programs and services to assist and support our students and families.

Our instructional program provides core subject and enrichment activities for 448 students, grades K to 3 during the 2015-2016 school year. Core subjects include literacy, math, science, and social studies. Our enrichment program includes art, music, spanish and dance three times per week.

At the heart of our academic program is the understanding that students are not empty vessels waiting to be filled, but that they come with rich experiences and beliefs about this world. With our goal being a balanced approach to instruction we believe that there are five major components we must uphold to make sure the best learning occurs: 1. Students have voice 2. Data Driven 3. Planning 4. Character Education 5. Differentiation

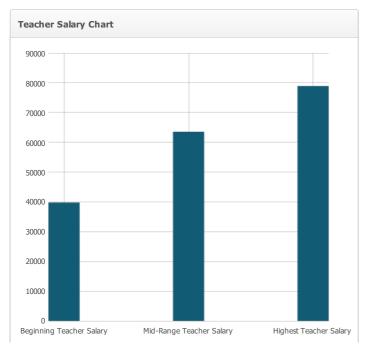

We are committed to working with families to provide the targeted strategies and resources that will best help families to support their child at home to reach their Big Goals. We host two or more Family Workshops and each one has an individualized focus, all geared towards providing information and resources to families to help their child continue to learn outside of the classroom. All families are encouraged to attend these family workshops.

Professional Development – Most Recent Three Years

KIPP Iluminar Academy is grounded in the belief that teachers are the key levers that boost student achievement; thus quality professional development for teachers to help KIPP students excel academically is essential.

Teachers participate in professional development one afternoon per week for 2-3 hours when students have a minimum day. This time is used to analyze data from interim and formative assessments, and to address instructional trends going on in the classroom and ways in which the students can be better served. The interim assessment results are analyzed every 6-8 weeks, whereas the results of formative assessments are analyzed bi-weekly. Topics include improving check for understandings, incorporating literacy across all contents, or enhancing differentiation for English Learners.

Additionally, differentiated meetings are content-level and grade-level department meetings that each happen once a month. Those occur after the weekly school-wide meetings. In content meetings, teachers in the same content area meet to review each other's assessments and provide instructional support. As a content group, they also have several opportunities throughout the school year to conduct excellent school visits in an effort to improve their instructional practices for their students.

Grade-level department meetings led by the Grade Level Facilitator provide teachers with an opportunity to work out logistical details for upcoming events, discuss the needs and academic progress of individual students, and implement school-wide systems.

Another integral component of professional development at KIPP Iluminar Academy is the observation-debrief cycle (coaching cycle). The School Leader, Assistant Principal or Dean formally observes teachers. Following the observation, the School Leader, Assistant Principal or Dean and teacher will discuss student learning based on student data and notes from the observation.

In addition to KIPP Iluminar Academy's school-wide professional development, teachers and administrators benefit from regional professional development opportunities facilitated by KIPP LA Schools. Several times per year, teachers and staff from all of KIPP LA's schools in South and East Los Angeles gather for an intensive day of workshops, trainings, and networking led by internal and external facilitators.
