

Message From Mrs. Gray

Our students have been focused and determined to earn their live school dollars. Why? On "Fun Fridays" our students can earn different fun activities in the afternoon such as four-square competitions, classroom dance parties or extra recess. Our students make great choices and we want to reward them for their hard work!

Ask your child if they've met their grade level expectations! they have, discuss why. If they haven't, discuss why and what their goals are for next week.
