## 2021-2022 School Accountability Report Card

### (Published During the 2022-2023 School Year)

## General Information about the School Accountability Report Card (SARC)

### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

KIPP Los Angeles College Preparatory, together with families and communities, creates joyful, academically excellent schools that prepare students with the skills and confidence to pursue the paths they choose — college, career, and beyond so they can lead fulfilling lives and create a more just world.

### About Our School

KIPP Los Angeles College Preparatory School (KIPP LA Prep) is a high-performing tuition-free public charter middle school located in Boyle Heights. We serve 512 students in grades five through eight. KIPP LA Prep is part of the schools' national KIPP (Knowledge Is Power Program) network. KIPP SoCal Public Schools, a charter school management organization, operate us. KIPP LA Prep's mission is to prepare students with the academic skills, intellectual habits, and character traits necessary for success in high school, college, and the competitive world beyond. In pursuing this mission, we aim to serve our community by educating students who will make a difference in our community and the world. In 2011 & 2018, KIPP LA Prep became a California Distinguished School, a recipient of the National Blue Ribbon Award, and one of the top-performing middle schools in the Los Angeles Unified School District.

#### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

KIPP LA Prep provides students, staff, and volunteers with a safe and clean environment. Basic cleaning operations are performed daily throughout the school year, emphasizing classrooms and restrooms. A cleaning schedule is in place to ensure a clean, safe, and functional learning environment. The school site is in good condition. All systems are in proper working order, and the facilities are well maintained. A work order process is in place when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order they are received.

Our facilities have undergone improvements focusing on students' and staff health and safety. Improvements include-

- \* Upgrade to MERV13 air filters
- \* Installation of touchless water bottle fillers
- \* Installation of touchless hand sanitizer dispensers

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	69	N/A	41	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	49	N/A	27	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

KIPP LA Prep is committed to involving parents in their child's learning. Parents are encouraged to attend regular workshops, parent/teacher conferences, and family activity nights. Many parents help with daily activities, including helping to serve breakfast and lunch. Parents also plan and implement school activities such as fall festivals, winter concerts, talent shows, cheerleading competitions, and spring concerts. We also offer many opportunities for take-home volunteer opportunities. Parent volunteer opportunities are announced through our weekly Parent Bulletin. The school counselor and the teachers collaborate to provide parents access to resources through parent meetings or on an individual need basis. We also engage parents in reviewing and developing our schools' annual LCAP.

During the COVID-19 pandemic, KIPP LA Prep is trying to involve parents more than ever. We ensured all parents registered to ParentSquare, our primary source of communication. Throughout the school year, KIPP LA Prep hosts virtual events such as Coffee with Administration, Back to School Night, Family Literacy Night, Science Family Night, and Math Night.

For more information about these and other parental involvement opportunities, please contact our Family Engagement Lead, Viridiana Moreno, [vmoreno@kippsocal.org](mailto:vmoreno@kippsocal.org).

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

KIPP LA Prep reviews and updates its safety plan every year. This year's plan was reviewed and updated in October 2022. As a primary concern of KIPP LA Prep, all visits during regular school hours should be arranged with the school admin and office team 24 hours in advance. Upon entering KIPP LA Prep, all visitors shall immediately register in the front office. Additionally, all visitors must wear a school identification badge to be easily recognizable. The School leader has the right to refuse any visitation for any reason. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. To further safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been put in place. It includes monthly safety drills incorporating earthquake, fire, and soft and hard lockdowns. KIPP LA Prep also participates in the CA Great Shake drill, where we initiate our incident command center. During this drill, we complete search and rescue, have a first aid station, and practice reunification by allowing parents to "pick up their kids" during an emergency. Practicing drills is an excellent way for staff members to know their roles and ask questions if needed.

## 2021-22 Types of Services Funded

KIPP LA Prep offers an Extended Learning program. Our program aims to continue the support students receive during the regular school day in a safe, constructive environment after school hours. Our program provides literacy and enrichment activities for all 5th -8th. Every student in our program participates in a daily literacy and enrichment component. Our Extended Learning program provides tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to read and complete math at their levels. Our educational enrichment programs align with the school's academic program and include but are not limited to activities such as football, cheerleading, robotics, ceramics, and youth development strategies like performing arts, music, and dance. Other enrichment activities are implemented based on the student's needs and interests.

## Professional Development

Professional development for all new teammates begins in the summer with an intensive Summer On-Boarding led by our regional team, experienced teachers, and school leadership. Professional Development for the whole staff occurs on Monday from 1:30 pm - 3:30 pm. Professional development for specific content teams, such as math, English learners, humanities, electives, and science, occurs from 10:00 - 11:00 am every Monday. Our math and science teachers also participate in regional professional development meetings with their counterparts across the region for 30-45 minutes on Monday afternoons. Teachers can participate in specialized professional development tailored to their individual professional needs as requested. Teachers are supported through weekly in-class observations, teacher-administrator meetings, student work, and data analysis one-on-one sessions with their manager.
