

Mental Health Emergency

If a student is experiencing a mental health crisis and needing immediate emergency support, contact 9-1-1.

Notify your School Counselor or Mental Health & Support Services Team Manager if a 9-1-1 call is made so appropriate follow up and support can be arranged.

Suspected Child Abuse

ALL KIPPSC staff are Mandated Reporters.

If child abuse is suspected, it is not the job of KIPPSC staff to investigate, but rather, to report it. It is the responsibility of the KIPPSC staff who suspects abuse or receives a report of abuse from a child or parent to make the report to DCFS/CPS.
