California Department of Education School Accountability Report Card

Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the <u>CDE DataQuest Web page</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

At KIPP Sol Academy, we call our students Advocates. Our definition of advocacy - "the ability to define ourselves, name ourselves, create think and speak for ourselves so we never risk being defined, named, created, or spoken for by others" - is the motivational belief we hold about what education can do to empower young people and it reminds us why we do our work here with such excellence, commitment and love.

At KIPP Sol we believe. We believe each child is unique and should be celebrated and nurtured as so. We believe that education is the path to equity and freedom. We believe excellent skills in reading, writing, speaking and math give us a powerful voice and make us independent. The power is within each of us. We believe that intelligence is malleable. Effective effort is what makes us successful. We believe we must work to earn trust and build relationships with students, families and teammates in order to best serve the community. Our students are who we are. We believe we must teach our students with love and empathy while always holding them to the highest expectations. Anything less would be a disservice to our students and the community

We live our beliefs daily through our comprehensive (Blended Learning) curriculum to ensure students with a spectrum of needs, interests, and abilities are stimulated and learning at rigorous, yet appropriate, levels. At Sol, "blended learning" means more than just integrating at computer for every student. It means that we expertly mix learning environments, technologies, teaching methods, and structure cross-curricular student learning opportunities to ensure that students are challenged as individual learners. In order to honor our students' growth and development over time as learners and as people, we have divided our instructional model into the Lower School (5th-6th grades) and Upper School (7th-8th grades). Our curricular model in the upper and lower school is based on our 6 Pillars of Excellent Education: Rigorous instruction, Individual Exploration, Whole-child Learning, Risk Taking, Team Building, and Data Driven.

"Somos Sol" is the phrase we use to represent the feeling we have as members of a KIPP Sol community - as staff members, students, and parents. As a start-up charter school, we simply would not exist without the trust and support of our amazing families. Our Sol families help us to build a school community that creates beautiful memories and a strong connection to school for our Advocates.

When you visit Sol, you will walk the brightly colored halls and you will hear, see and feel Advocates actively engaged in their learning. You will see our students huddled together as they couple factual knowledge with innovation to tackle a dilemma in science; you will walk outside and see a group of 5th graders designing and authoring a personal blog to record reflections on their personal reading books; you will hear the laughter of students cheering on teammates as they run relays in P.E.; you will hear music playing as students enthusiastically work to sand their paper sculptures in art; you will walk into an English class and see a teacher pulling a small group to review something confused from yesterday's lesson while another group of students collaborate to edit constructed responses and still other students curl up with a book or continue writing a literary response; in math, Advocates apply their own algorithms to solve real-world problems while deepening their conceptual understanding and mathematical reasoning. If the academic day leaves you wanting more, you can stay for our extending enrichment blocks that included intervention, tutoring, computer coding, and a host of

exciting topics such as film critique, arts and crafts, mural painting, dance, photography, basketball, soccer and more! We look forward to serving the students and families of East LA with excellence, love, reflection and ganas for many years to come. We are proud of Sol's quality staff and beautiful students and families. Come visit us! iSomos Sol!

School Description and Mission Statement (School Year 2017-18)

The mission of KIPP Sol Academy is to provide an excellent education that ignites hearts as much as minds. By teaching academic skills, fostering intellectual habits and cultivating character strengths, we light the spark within each child necessary to explore, advance and succeed on the path to and through college. Our students will transform their lives and the lives of many others as advocates who confidently think, speak and act for themselves, their communities and for positive change throughout the world.

A. Conditions of Learning

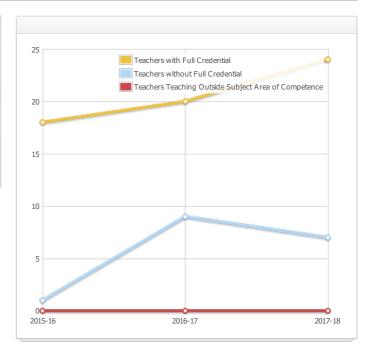

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

In the fall of 2015, KIPP Sol Academy moved into its permanent facility at 4800 East Cesar Chavez. This state-of-the-art new facility is a wonderful place for Sol to continue to grow its roots and its impact in the community. The KIPP Sol Academy campus is also inspected monthly for safety and cleanliness.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Mathematics (grades 3-8 and 11)	55%	55%	29%	30%	36%	37%		

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

• Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

KIPP Sol Academy highly values parental involvement and engagement in school activities. Sol operates an open-door policy for parents which means that parents are welcomed on our campus and into our classrooms. There are many ways that parents can stay involved and engaged — whether thats by directly supporting teachers in the classroom; taking on a role with our SPA Committee (Sol Parent Advocacy); attending parent development meetings pertaining to high school matriculation, college readiness, or understanding the development of middle school-aged children; chaperoning field trips; helping to supervise lunch and after school; organizing school events; spearheading school-based fundraising; checking homework, academic and behavior progress either online or in person; and cultivating relationships and connections within our community by recruiting new families. We call this "Somos Sol." Parent engagement opportunities are announced through our weekly family newsletter, through phone calls, emails, communication with SPA committee and various other notices sent home to families.

School Safety Plan (School Year 2017-18)

KIPP Sol Academy has a comprehensive school safety plan that is reviewed, updated and discussed with faculty at the beginning of the school year. The safety plan addresses the school's responsibilities in emergencies associated with natural disasters, human-caused emergencies and technological incidents. The plan provides a framework for coordination of response and recovery efforts within the school and local, state, and federal agencies. The plan is intended to establish organization to direct and control operations at the site during a period of emergency by assigning responsibilities to specific personnel.

Types of Services Funded (Fiscal Year 2016-17)

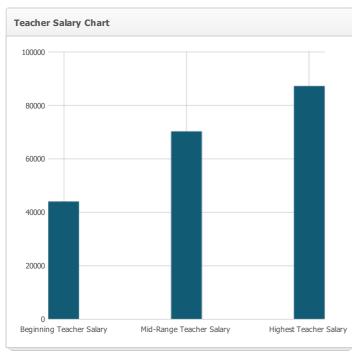

KIPP Sol Academy offers an ASES funded afterschool program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Our program provides literacy and enrichment activities for 140 students, grades 5th to 8th. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least 1 hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, recreation and prevention activities such as football and cheerleading, youth development strategies like performing arts, music, and dance. Other enrichment activities are implemented based on the students' needs and interests.

Professional Development

Each week 2-3 hours are scheduled for teacher professional development. The professional development schedule is set over the summer for the first half of the school year and a tentative schedule is set for the second half of the year. The areas of focus are determined based on a combination of logistical/administrative concerns and curricular needs. Priorities for professional development are based on teacher reflections from the end of the previous year. Professional development focuses are spread out throughout the year and are revisited multiple times. Most of the professional development trainings

are delivered during after school workshops. Some is also provided through conference attendance and individual mentoring. Teachers are supported through inclass observations, teacher-administrator meetings, and student performance data reporting.
